SUDDEN DEATH  
OF DR. JANNEY

Drank Chloroform by Mistake  
Instead of Whiskey—His  
Heart Affected.

(Special to The Times-Dispatch.)

WINCHESTER, Va., March 21.—Hunters of friends in the town and county were shocked yesterday to hear of the sudden death of the late John Edward Janney, of Abing, three miles north of Winchester. Saturday night Dr. Janney had gone to see a patient and was returning to his home. He had not been well for some days, and had some whiskey in his hip pocket for a stimulant during the long drive. Reaching back for the bottle, he mistook it for chloroform from another pocket, and in a mistake drank some. Hardly had the stuff touched his lips before he recognized its character, and did spit out the greater portion of the drink, and then he lay down on the ground, where he died. After securing an antidote, Dr. Janney resumed the trip home, but did not go far until he learned heavily against his driver and told the man to hurry home with him and then go after Dr. G. I. Miller, of Winchester. The frightened driver helped carry the inanimate form of his master into the Janney home and then came to town, securing the services of Dr. Miller and W. S. Love. They reached the sick man's side about 12:30 o'clock, but found that life had been extinct almost since the time he had last spoken to his man in the buggy. Death was not due to the poison, as he had not taken enough to kill, but the consequent excitement had caused over-exertion of the heart, producing death.

Dr. Janney was fifty-one years of age and was a leading physician and Democrat. He was a member of the county board of health, and has quite a number of relatives in this section and the old family home in Loudoun county. He had been twice married, first to a sister of Sheriff C. H. Purcell, who died some years since, and recently to Miss Lola Janney, who survives him with two children by his first wife, Miss Rose and Dr. Daniel Janney, one brother, Dr. W. M. Janney, and one sister, Mrs. Selve, wife of former State Senator John M. Selve, survive.

## UNIVERSITY ALUMNI.

Professor Smith and Mr. Eppa Hinton to Address Them.

The Richmond Chapter of the Alumni of the University will hold their annual meeting this afternoon at 5:30 at the hall of the Chamber of Commerce. The chapter has invited Professor Francis H. Smith, of the faculty, and Mr. Eppa Hinton, Jr., a member of the board of visitors, to be present and make addresses, and both have accepted. All alumni in the city are urged to come to the meeting and those who are not already members of this chapter are invited to join it at this time.

The addresses of Mr. Smith and Mr. Hinton will be concerning the recent donation of Mrs. Dodge, but, as the end of the session is approaching and it will soon be necessary to elect a president in order that he may make preparations for the coming session at the university, some interesting announcements in this respect may be looked for.

## NEW MISSION FIELD.

HENRICO  
LICENSES

Remarkably Small List of Those  
Who Are Qualified  
to Vote.

## SCHOOL ELECTORAL BOARD

New Board Met Yesterday, Organized and Elected Trustees. Cow Situation Resolves Itself.

Very considerable interest is being manifested in Henrico county in the payment of the capitation taxes which will govern the vote in the next election.

The immediate effect of the capitation payment will be upon the granting of whiskey licenses for the territory which, lying beyond a radius of one-half mile of the city, comes under the provisions of the Mann law. Judge Scott has set April 25th and 26th for the consideration of applications for liquor business and the deniers are figuring seriously over the capitation lists. This list is remarkably small. In order to vote in the fall election, a man must pay before May 30, but in order to be of assistance to the saloon men he must do so by the time the application for a license is made. The saloons within a half-mile of the city are not affected at all, but those lying beyond are required under the Mann law to present, before they can secure a license, a petition signed by a majority of the qualified voters in the district. In which it is proposed to open the saloon. Last year about seven places succeeded in opening under this rule. A possible vote in Henrico would run close to 4,000, an estimated actual qualified vote at the present time is less than 500, including negroes, of whom there are very few, but not including the old soldiers, of whom there are nearly 200 all told. One of the commissioners of the revenue gives the following figures, of those who have paid the tax: Tuckahoe District, 176; Brookland District, 275; Fairfield District, 210; Varina District, 75. Total, 730.

The school electoral board of Henrico met yesterday and organized. Under a new law the judges are no longer a member of the board, but he has the appointment of an alien who takes his place. Judge Scott named Mr. George Watt, who is remembered as the foreman of the investigating grand jury of Henrico. The board is therefore now composed of Mr. Watt, Commonwealth's Attorney Wendenburg, and Superintendent Altmeyer, who is ex-officio chairman. At the meeting yesterday Mr. Wendenburg was elected clerk.

The chief function of the board is the election of school trustees for the county. But one vacancy existed, and Henry G. Dickerson was appointed a trustee from Fairfield, vice Mr. Harrison Fisher, resigned.

The Henrico cow situation has resolved itself most perplexedly. It will be recalled that Constable Cyclone Samuels, after varied experience, succeeded in leaving on three cows. But the next day he claimed them under the home-stead exemption, and came to the courthouse and despite the protests of the Cyclone, took the animals back home. A quiet investigation was conducted, and it was ascertained that the owner of the cows at a date long previous had received a constable's warrant and started back after the cows, but thoughts of his former wild and turbulent experience dampened his joy and made him feel rather blue, nevertheless. What was his surprise when he reached the house to learn that the cow owner had come home and was receiving him in the most cordial manner. The constable got a good dinner and was happy. And his friend agreed to meet the demands upon him, and will himself bring the cows to the courthouse.

Twelve small frame houses on Denen Street, near the Hermitage road were destroyed by fire about 2 A. M. yesterday. The dwellings were occupied by negroes. The loss is about \$1,500, not including the personal property destroyed.

About 3 o'clock Sunday morning, Mr. John Miller and family, of East Richmond, were aroused by cries of fire, and in less time than it takes to tell, were out of doors to find a fire that was making rapid progress. All horses and cattle in danger were turned loose. By this time many citizens had arrived, and by heroic work saved the home and other buildings. As it is, the loss was great, as quantities of food were consumed, besides three buildings—the silo, grainary and carriage house. The latter contained valuable family carriages, implements, etc. Had it not been water the loss would have been much greater. There is not the slightest clue as to the origin of the fire, but it is thought to have been of incendiary origin. The loss is partly covered by insurance.

## POLLOCK FOR PLAN.

Councilman Warmly in Favor of New Bridge Project.

Councilman Gilbert K. Pollock is one of the members of that body of municipal law-makers who is cordially in favor of the city's endorsing and guaranteeing, jointly with the city of Manchester, the proposed issue of bonds to the amount of \$250,000 for the purchase of the old Mayo Bridge property and the construction of a modern free bridge thereon. "It would be a great thing for Richmond, as well as for Manchester," said Mr. Pollock, speaking of the bridge scheme. "I am earnestly in favor of the passage of an ordinance by the Council, guaranteeing the proposed bond issue in my opinion, the revenue from the bridge itself will in a year or so fully pay the interest on the bonds and soon provide a sinking fund. The construction of a new bridge to supersede old Mayo's would greatly enhance the value of property in that section of the city and by adding materially to the taxable

Miss Thon is a daughter of Mrs. Mathilda Thon. The couple will be at home after April 7th at No. 727 West Pratt Street, Baltimore, Md.

## Book Men Call.

Governor Montague was kept busy nearly all of yesterday receiving agents for book concerns, who are here presenting applications for the contracts to be awarded for text-books by the State Board to-day. There were a great many of them, and His Excellency gave all a patient hearing.

## Two Charters Granted.

The Corporation Commission yesterday granted a charter to the Huxter Shoe Company (inc.), Richmond, J. Floyd Huxter, president, capital stock, \$250,000. Universal Spring Motor Corporation, 8000 N. W. 1st, Miami, Fla., president, capital stock, \$10,000 to \$20,000.

## Date Changed.

The date for the lecture to be delivered here by the Rev. Dr. R. P. Kerr, formerly of this city, has been changed from April 7th to April 14th. The subject will be "Home." The lecture will be for the benefit of the library fund of the Westminster Presbyterian Church.

## SLEEPLESS AND RUN DOWN.

You Can't Hold Out Long  
This Way.

You Are Working Too Hard  
and You Know It.

You Can Get Strong Without  
Stopping Your Work.

What the people want is to get over that weakness and tired feeling that nervously and sleeplessness, without stopping their work. They can't afford to be idle. They MUST work.

And it is not necessary to rest. You can get well and strong without losing a day's work. There is a remedy so easy and powerful in building up the system, strengthening the nerves and producing sleep, that it never fails. The following letters will tell you all about it. Write to Mr. H. M. Levy, 100 Mulberry Street, Newark, N. J. says:

"I suffered for six years with terrible racking pains in my back and chest, and was so nervous that I could not attend to business from loss of sleep and appetite. I tried almost every medicine. I tried five doctors in this city, and could find no relief.

"At last I was told to try that famous medicine, Dr. Greene's Nervura, blood and nerve remedy, and after taking not quite two bottles I found myself perfectly well. During my sickness I lost nearly all my weight, and was almost a skeleton. Since taking Nervura I have gained nearly sixty pounds. I have only praise for this wonderful cure. Dr. Greene's Nervura, and do all in my power to recommend it to my friends. I have told several customers of it, and they have tried it with beneficial results.

All kinds of nervous, chronic and blood diseases are quickly and permanently cured by Dr. Greene's Nervura, blood and nerve remedy. Try it, and notice the change in your feelings; for it acts quickly, and it will make you well and strong.

DR. GREENE'S NERVURA BLOOD AND NERVE REMEDY. 101 FIFTH AVENUE, NEW YORK CITY. It is the most successful specific for all kinds of nervous and chronic diseases and can be consulted free, personally or by letter.

RECOMMENDED AND FOR SALE BY ALL DRUGGISTS.

DR. GREENE'S LAXURA CATHARTIC PILLS FOR THE CURE OF BILIOUSNESS & CONSTIPATION.

values, the entire city would share in the benefit.

"This construction of a new and modern bridge and the inauguration of a city street car service over it would not only give an impetus to the trade of Richmond merchants, but it would have the effect of building up a great industrial suburb on the Chesterfield side of the city, and increasing the population. This would mean as much to Richmond as to Manchester. Such a bridge would also have the effect of making the south side of the river more desirable for dwelling houses, as it would place the centers of the men who have been building industrial centers.

"The financial plan as outlined by the recent meeting at the Chamber of Commerce strikes me as being entirely feasible. I shall cordially support the movement."

## HULCE AN APPLICANT.

Police Captain Is a Candidate for Post of Chief.

"Captain E. P. Hulce is the only man who has filed a formal application for the position of chief of police of the city of Richmond, and a member of the Board of Police Commissioners yesterday. The member expressed surprise that there had not been more numerous applications for the place, and plainly admitted that the board expected it would have many applicants for the head of the department.

When asked if Captain J. P. Sulzberger, the present inspector, had made any sort of application for the prospective vacancy, the member said: "Captain Sulzberger has never made application for this or any other position in the department in all his connection with it. Whatever advancement he has attained has not been sought by him."

Naturally the commissioner would not indulge in any comparison of the relative merits of the men who have been mentioned for the place. When asked as to the idea of selecting an army officer for the head of the department, he stated that this proposition appeared to have been abandoned. Certainly, that there has been no recent suggestion of any such sort, and he advanced the plan to select an officer among the ranks of the active or retired officers of the army."

## Both From Russia.

A marriage license was granted yesterday to Abraham Broitstein and Bertha Bloom, both of whom were born in Russia.

The Capitol Commission will meet here on Friday next at 11 o'clock, and will make out the work looking to a reconstruction of the old building on the lines laid down by the Legislature in the bill recently passed on the subject. The meeting will be held in the government office. His Excellency will preside, and Executive Clerk Sam W. Bigger will likely be made secretary.

The members of the commission, besides Governor Montague, are: Senators Anderson, Keziah and DeLoach, and DeLoach, Bowman and Jennings. Arrangements will likely be made for the removal of Houdon's statue of Washington to some safe quarters, and for the beginning of the work on the new light and heat plant.

There is some talk of the officers at

the Capitol remaining in their present quarters until the wings are built, and then moving in them, while the work of repairing the main building is in progress.

Strikes Affects Them.

The Corporation Commission is receiving many complaints from shippers of express along the lines of the Norfolk and Western Railroad in Virginia, owing to alleged delay on account of the present

ing strike of operators, who are also expressing dissatisfaction.

The commission will take the matter under advisement.

Judgments Entered.

In the Law and Equity Court yesterday judgments were rendered in the following cases:

J. S. Moore and Sons vs. W. D. Atwood, \$1,250. Same against W. H. and W. D. Atwood, \$225. Same against W. D. Atwood, \$201.

Senators Not Pleased With the Work on White House Offices.

Mr. Thompson's Death.

(By Associated Press.)

WASHINGTON, D. C., March 21.—After being in session an hour and twenty minutes to-day, the House adjourned out of respect to the memory of the late Representative Charles W. Thompson, of Alabama, who died in this city yesterday. Soon after convening, Mr. Hepburn offered a resolution reading certain statements by Representative Baker (New York), contained in the Congressional Record of last Friday, reflecting on the integrity and honor of Mr. Babcock (Wisconsin), and providing that they be expunged from the Record. Mr. Hepburn explained that Mr. Baker had not delivered the remarks on the floor of the House, but inserted them in the record under leave to print. The resolution was adopted after the Democrats forced a roll call.

Mr. Baker sought to explain his action, but Speaker Cannon refused to recognize him. This so incensed Mr. Baker that he yelled at the top of his voice: "Are you people so afraid of the truth that you won't permit a man to say one word?" Mr. Willey (Alabama) announced the death of his colleague, Mr. Thompson, and offered the usual resolutions of sympathy and respect, which were agreed to. The Speaker appointed the following committee to represent the House of Representatives at the funeral: Messrs. Willey (Alabama), Clayton (Alabama), Bowie (Alabama), Padgett (Tennessee), Gaines (Tennessee), Littlefield (Maine), Brown (Wisconsin), Durrah (Michigan), Williams (Illinois), Hill (Connecticut), Schorrough (South Carolina), Southern (Ohio), Patterson (Tennessee), Houston (Delaware), and Alken (South Carolina).

## Respect to Mr. Thompson.

(By Associated Press.)

WASHINGTON, D. C., March 21.—Consideration in the Senate to-day of the bill providing for the purchase of a site for the erection of a building for the Departments of State, Justice and Commerce and Labor, was made the occasion for adverse criticism of the architect who planned the White House offices. Messrs. Teller and Hale led the charge on the architect, and Mr. Newlands came to the rescue.

Discussion of the bill had not concluded when the Senate adjourned out of respect to the memory of the late Representative Thompson. The President's temporary appointment of a commission to represent the Senate at the funeral.

Messrs. Morgan and Patrus (Alabama), Culberson (Texas), McLaurin (Mississippi), Overman (North Carolina), Spooner (Wisconsin), Nelson (Minnesota) and Dooliver (Iowa).

## NEW CODE SHORTLY.

Mr. Pollard Has the Manuscript Nearly Ready for Press.

The Code of Virginia Annotated, and edited by Mr. John Garland Pollard, authorized by the late General Assembly of this city, is nearing completion and will soon be put into the hands of the printer.

The work is a monumental one, comprising not only all the statutes of a general nature up to the adjournment of the recent Legislature, but extracts from all of the decisions construing the statutes. It will contain twice as much matter as any Virginia Code heretofore issued, and will be printed in two volumes, each containing about a thousand pages.

The West Publishing Company, of St. Paul, Minn., who publish the Southern Reporter, containing the decisions of the Supreme Court of Appeals of Virginia and other Southern States, will publish the new edition of the Code. They have superior facilities for issuing law books with accuracy and promptness, and will doubtless have the new work on the market in the early summer.
